Marylou & Gary,

Here is what I put together as a footnote/place holder to the table of regional projects in the current plan, per your request of yesterday. Help me improve it.

Subject
Columbia River Basin Toxics
Reduction - Formation of Steering
Committee

I have attached a revised version based on your comments of the paper describing the formation of a Steering Committee for the Columbia River Toxics Reduction Monitoring Group Steering Committee. I will be calling each of you next week to discuss the revised paper and answer any questions you might have.

We changed the date for the next meeting from March 12th to April 9th to ensure the meeting was as productive as possible. The meeting will still be held in Lacey at the WADOE building. Thank you Andrew for securing the space.

I would like to have a 1 hour teleconference with the steering committee soon and have proposed several dates and times below.

The purpose of the meeting would be to:

1. Agree on the goal, specific tasks, decision making, and desired outcomes for the steering committee
2. Begin discussion on the agenda for the April 9th meeting
3. Other topics identified by Steering Committee members

Possible Times

Friday February 2: 9:00 - 1:00
Wednesday February 7: 2:30 - 4:00
Thursday February 8: 10:30 - 12:00 or 2:00 - 3:30
Friday February 9: 9:00 - 1:00
Monday February 12: 10:30 - 4:00
Wednesday February 14: 1:00 - 4:00
Thursday February 15: 9:00 - 4:00

Please indicate what times you would be available and I can secure a phone line.
